Motorsport Volunteer Reward Scheme 05/06

THANK YOU for your interest in this scheme which is intended to reward the tireless group of people who work so hard to enable motorsport events to be run throughout Northern Ireland. These events bring great enjoyment to competitors and spectators alike so the participating drivers and teams have offered the opportunity for some of the much-appreciated volunteers to compete as co-drivers in stage rallying.

THE PRIZES are to be provided by 3 rally teams and will include an MSA rally navigators licence, instruction from a co-driver, entry in a one day event and lunch with the team. Basically the winners will be joining a rally team for the day to compete as the co-driver!

THE TEAMS who have offered to provide these three places are:

Driver: Craig Bennett

Car: Mark 2 Ford Escort

Driver: Sean Treacy

Car: BMW 2002 Alpina

Driver: Stephen Potts

Car: Mark 2 Ford Escort

TO QUALIFY you must work at 7 days of motorsport run by clubs who are members of the Association of Northern Ireland Car Clubs between 01 June 2005 and 31 May 2006. Details of these clubs and the events they run can be viewed on line at www.anicc.org.uk. Some events, such as the Circuit of Ireland, last for 3 days and anyone working at the entire event will be credited with 3 days towards the draw entry. This form should be completed on both sides and returned to the UAC at the address above by 10/06/2006 to be entered in the draw, which will take place at the club's annual general meeting.

Motorsport Volunteer Reward Scheme event attendance record

Event Name	Date	Your Role	Organising Club	Club Official (printed)	Club Official (signature)

Notes: Please have a senior official eg. Chief Marshal from the club who is running each event you work on sign for each day's attendance. It is probably best if you ask for this when signing on at the start of an event, as the organisers will be present and easily identified. On events lasting longer than one day each subsequent day only requires the date and organisers signature.
